二、由各學系審核申請人書面資料，綜合考量評選並排序合格名單，提送招生委員會決定錄取名單；評選結果如未達招生委員會認定之最低標準，雖有缺額，亦不予錄取；正取生名額以本簡章所訂名額為限；備取生名額視評選結果而訂。

三、凡招收備取生之學系，如正取生有缺額時，得於本招生簡章規定期限前，由達到最低錄取標準之備取生遞補至原核定招生名額為止。

四、「學校推薦」管道報到遞補作業結束後，若仍有缺額，將流用至「個人申請」管道補足之。「學校推薦」管道受推薦學生未獲審查合格或未提供學校推薦書者，本校將併入「個人申請」再次審查。

V・Admission regulations

1. The admission selection process is based on a written review. Applicants may be notified to receive phone calls, video calls, or other interview methods if necessary.

2. Each department will review the applicants' written materials, comprehensively evaluate and rank the qualified list, and submit the admission list to the admissions committee for approval. If the selection results do not meet the minimum standard set by the admissions committee, even if there are vacancies, they will not be admitted. The number of admitted students is limited to the quota specified in this brochure, and the number of waitlisted students will be determined based on the selection results.

3. For departments that admit waitlisted students, if there are vacancies among the admitted students, waitlisted students who meet the minimum admission standards may be admitted to the original quota within the period specified in these admission guidelines.

4. After the registration and waitlist process for "school recommendation" channel ends, if there are still vacancies, they will be transferred to the "individual application" channel for supplementation. If the recommended students from the "school recommendation" channel fail to pass the review or do not provide a school recommendation letter, they will be included in the "individual application" channel for another review.
